# Safety Precautions

- The Angry Jelly Bean, showcases a state of the art safety system, as our riders are encased in a Gyro-Ball to take away from the possibility of a rider falling from the ride, immediately taking away from the factor of death.
- The track encases this revolutionary Gyro-Ball with very little friction to limit the amount of Thermal Energy lost, making the ride very energy efficient.

# The Angry Jelly Bean

---

This Roller Coaster will be an excellent addition to The Six Flags Over Georgia Park.

Thank You For Your  
Consideration
